Case No.: 3:15-cv-01397-BR

**DEFENDANTS' NOTICE OF
LODGING OF FOURTH
SUPPLEMENT TO THE
ADMINISTRATIVE RECORD**

In accordance with the agreed-upon terms of the parties' stipulated stay of further proceedings that the Court has approved (Dkt. #83) in the above-captioned action, Defendants hereby give notice of their filing this date their fourth supplement to the administrative record underlying the various administrative tasks, activities, and constituent steps in which the Forest Service has engaged to implement the congressionally directed and conditioned land exchange with Mt. Hood Meadows Oregon, LLC, pursuant to Section 1206 of the Omnibus Public Land Management Act of 2009 Pub. L. 111-11. In accordance with the terms of that Stipulated Stay, the materials comprising this fourth supplement to the administrative record extend through the close of the public comment period on the Draft Environmental Impact Statement that the Forest Service prepared on the Land Exchange, which ended on Jan. 26, 2017 (the last item in the supplement is actually dated a few days later, Feb. 1, 2017, but is included because it comprises a table listing all of those who submitted comments). This fourth supplement is in addition to the materials Defendants have previously submitted to the Court as part of the administrative record as originally lodged (Dkt. #31) and the first, second, and third supplements to the administrative record (Dkt. ## 40, 45, & 59). Moreover, under the agreed-upon terms of the stipulation, at least as long as the stay the Court entered pursuant to such terms remains in effect, Defendants would note that they have agreed to file at least two further supplements to the administrative record a short while following the completion of additional milestones in implementation of the Land Exchange, as specified in the stipulation (Dkt. #83).

The materials comprising the fourth supplement to the administrative record are consecutively paginated from 4th Supp AR 00001-23479, and separately identified in the index to the supplement, and those materials and the index are both included in electronic form on the disc enclosed in the attached plastic sheath. Filing the supplemental record materials in this

form and mode is consistent with LR 5-2(e), which explicitly authorizes a federal agency to file an administrative record with the Court on a CD-ROM as a physical exhibit by submitting it to the Clerk's Office attached to a Notice of Filing of the Administrative Record.

In conjunction with lodging the fourth supplement to the administrative record, Defendants are also electronically filing this same date the Declaration of Dori A. Creamer (Dkt. # 89) in which she certifies the contents of the supplemental materials.

Respectfully submitted this 27th day of March 2017.
